

Andrés F. Ramírez-Mejía

PHD FELLOW AT CONICET

Institute of Regional Ecology UNT-CONICET

+54 9 3816627944 | andresfeliper.mejia@gmail.com | andres-frm | felipe_arm_

I am a biologist interested in using landscape and functional ecology and plant-animal interactions to study how spatial patterns modulate biological responses of mammals and pollinators. I'm passionate about nature, literature, data science, and R programming.

Education

Universidad Nacional de Tucumán

PHD. BIOLOGICAL SCIENCE

Tucumán, Argentina

2018-Present

Pontificia Universidad Javeriana

MSC. CONSERVATION AND USE OF BIODIVERSITY

Bogotá, Colombia

2015-2017

Universidad de Caldas

BSC. BIOLOGIST

Manizales, Colombia

2008-2014

Awards and distinctions

- **2017** Academic merit award during studies of master degree, at the Pontificia Universidad Javeriana. Bogotá, Colombia.
- **2017** Graduated with honors CUM LAUDE. Master in Conservation and Use of Biodiversity at the Pontificia Universidad Javeriana. Pontificia Universidad Javeriana. Bogotá, Colombia
- **2017** Master degree thesis with honorary mention. Master in Conservation and Use of Biodiversity at the Pontificia Universidad Javeriana. Bogotá, Colombia.
- **2017** Doctoral fellowship granted by National Scientific and Technical Research Council - Argentina (CONICET). Resolution N° 4122. Thesis: Plant-animal interactions in blueberry crops (*Vaccinium corymbosum*, Ericaceae) and reciprocal effects with the Yungas native forest.

Research grants

Research grant Aves Argentinas to support Argentinian ornithology

AWARDED IN 2020 BY ORNITHOLOGICAL SOCIETY OF LA PLATA

Argentina

\$50000 ARS (\$640 US)

- Ecosystem services provided by hummingbirds (Trochilidae): the pollination of blueberry in the Argentinian northeastern

François Vuilleumier Fund for Research on Neotropical Birds

AWARDED IN 2018 BY NEOTROPICAL ORNITHOLOGICAL SOCIETY

EEUU

\$1000 US

- Ecosystem services provided by hummingbirds (Trochilidae): the pollination of blueberry in the Argentinian northeastern

THESES

PhD. 2018 - Present. Plant-animal interactions in crops and reciprocal effects with the Yungas native forest. Thesis advisors: Pedro G. Blendinger, PhD; independent research CONICET, assistant professor UNT. Silvia Lomáscolo, PhD; assistant researcher CONICET.

MSc. 2017. Seed dispersion and functional diversity of phyllostomid bats in an anthropogenic landscape: a multi-scale approach. Thesis advisors: Francisco Sánchez, PhD; Universidad de los Llanos, Colombia. J. Nicolás Urbina-Cardona, PhD; Pontificia Universidad Javeriana, Colombia.

BSc. 2014. Activity pattern, habitat use, and mammals richness in native and reforested forests at the Colombian Andes. Thesis advisor: Francisco Sánchez, PhD; Universidad Militar Nueva Granada, Cundinamarca, Colombia.

ORAL PRESENTATIONS

2021. *Blueberry pollination at the NOA, are wild species important?*. Tucumán, Argentina.

2014. *Activity and habitat use of soil forage mammals in an Andean forest and a Eucalyptus reforestation*. II Symposium of small carnivores. IV Colombian congress of zoology. Cartagena, Colombia.

2014. *Species richness, use and traditional knowledge of mammals in the National Natural Park Los Nevados*. III Symposium of regional biology. Armenia, Colombia.

Teaching experience

Data Clinic

NATIONAL UNIVERSITY OF TUCUMÁN, FACULTY OF NATURAL SCIENCE AND MIGUEL LILLO INSTITUTE

- Offered to Biological Science, Agronomy and Biotechnology students. Level: PhD.

Tucumán, Argentina

2021

Introduction to R programming

NATIONAL UNIVERSITY OF TUCUMÁN, FACULTY OF NATURAL SCIENCE AND MIGUEL LILLO INSTITUTE

- Offered to Biological Science students. Level: Undergraduate.

Tucumán, Argentina

2019

Graduate courses

Ecosystem services: concepts, tools and perspectives

UNIVERSIDAD NACIONAL DE CUYO

- Duration: 45h. Grade: 10/10

Mendoza, Argentina

2022

Data science with Python

NATIONAL UNIVERSITY OF SOUTHERN PATAGONIA

- Duration: 40h. Grade: 10/10

Argentina (online)

2022

Models and data in ecology

NATIONAL UNIVERSITY OF COMAHUE

- Duration: 40h. Grade: 9/10

Bariloche, Argentina (online)

2021

Statistical tools for addressing gender metrics: a look from graph and systems theory

NATIONAL UNIVERSITY OF TUCUMÁN

- Duration: 40h. Grade: 100/100

Tucumán, Argentina

2021

Ecological networks

UNIVERSITY OF SÃO PAULO

- Duration: 60h. Grade: Excellent

São Paulo, Brasil

2020

Pollination Ecology

NATIONAL UNIVERSITY OF COMAHUE

- Duration: 60h. Grade: 100/100

Bariloche, Argentina

2019

13° International Pollination Course

FEDERAL UNIVERSITY OF JEQUITINHONHA VALLEYS

- Duration: 98h. Grade: 100/100

Minas Gerais, Brasil

2019

Advanced statistical methods in ecology and evolution

UNIVERSITY OF THE URUGUAY REPUBLIC

- Duration: 60h. Grade: 100/100

Maldonado, Uruguay

2019

Advanced statistical models using programming language R

NATIONAL UNIVERSITY OF CÓRDOBA

- Duration: 40h. Grade: 100/100

Córdoba Argentina

2018

Internships

Laboratory of Palynology

NATIONAL UNIVERSITY OF TUCUMÁN, FACULTY OF NATURAL SCIENCE AND MIGUEL LILLO INSTITUTE

- Duration: 20h

Tucumán, Argentina

2018

Member of research groups (Colombia)

Ecotonos (Research group in ecology, conservation, taxonomy and systematics)

UNIVERSITY OF LLANOS

- Classification: C.

Villavicencio, Colombia

Jan 2017-Present
